- Alaska Wellness Coalition Strategic Planning, 1 - 3:30 pm (Adventure)
Billy Charles is a Yup’ik Alaska Native shareholder and tribal member from Emmonak, Alaska. As a Research Co-Investigator in UAF’s Center of Alaska Native Health Research, he provides leadership, cultural direction, and intervention implementation and fidelity management for several NIH grants and a new NSF grant.

Jessica Filley, MPH, is a CSTE Applied Epidemiology Fellow within the Section of Epidemiology, Division of Public Health. Over the last year, she has been analyzing substance abuse data, with a particular focus on characterizing the trends and impacts of opioid use throughout Alaska.

Munish Gupta, MD, MMSc, is a staff neonatologist and the Director of Quality Improvement for the Department of Neonatology at Beth Israel Deaconess Medical Center (BIDMC), as well as Assistant Professor in Pediatrics at Harvard Medical School. He is chair of the Neonatal Quality Improvement Collaborative of Massachusetts (NeoQIC).

Hannah Gustafson, BBA, is the MAPP (Mobilizing for Action through Planning & Partnerships) of the Southern Kenai Peninsula Coordinator, a member of the Southern Kenai Peninsula Resilience Coalition’s Leadership Team, and a Steering Committee Member of the Alaska Resilience Initiative.

Micah Hahn, PhD, MPH, is an Assistant Professor of Environmental Health within the UAA Institute for Circumpolar Health Studies. She is currently working with the Municipality of Anchorage to develop their Climate Action Plan and with communities around the state on community resilience planning in the context of environmental change.

Tom Hennessy, MD, MPH, is the Director of the Arctic Investigations Program (AIP), CDC’s field station for infectious diseases in Anchorage. He has served in the US Public Health Service since 1990 and is trained in Family Medicine and Preventive Medicine. He is an affiliate faculty member of the University of Alaska in the Department of Health Sciences.

Stacy Rasmus, PhD, is Director of the Center for Alaska Native Health Research (CANHR) at the UAF. She currently leads several NIH, NSF, and SAMHSA grants that engage American Indian and Alaska Native populations in research and evaluation initiatives to eliminate disparities in youth suicide and substance use disorders.

Desiré Shepler, MPH, is director of R.O.C.K. Mat-Su and oversees a collaborative working towards increasing family resilience and creating a culture that supports children and families, and aims to end child maltreatment and the number of Adverse Childhood Experiences (ACEs).

Sgt. Rick Steiding is the Traffic Sergeant for the Anchorage Police Department (APD). He joined APD in 1997 and has been the lead on the Major Collision Investigation Unit, serves on the People Mover Collision Review Board, and is an instructor for Traffic Investigation and Collision.
**Scholarly Roundtables**

**Tuesday, January 22, 3 - 4:30 pm**
- Strength through Increased Decision-Making Engagement; Supported Decision-Making Agreements in Discharge Planning
